

Mohajl Aluminum & Nylon Factory

About us

Welcome to Mohajl Aluminum & Nylon Factory

Mohajl Aluminum and Nylon Factory, established in 2019, is located in the Mesaieed Industrial Area. We have a line of items used in cleaning, household and industrial use, which consist of: aluminum foil, cling film, baking paper, scouring pads, stainless steel scrubber, kitchen sponge, garbage bags, packing and masking tapes, coat hangers, LLDPE construction film and cotton gloves all made in Qatar. Our factory is equipped with high quality equipment and competent technical personnel who work to meet the needs of customers in Qatar.

Our products have the best price range available on the market today. Our claims are based on clients and vendors who have tested the products. The Ministry of Industry inspected our products and allowed us to sell them as a "National Product" in supermarkets and retail.

We are the first company in Qatar with such a wide range of locally produced items, we are always looking for new ideas and trying to supply all the products the market needs. We sincerely believe that Qatar can produce and meet all market needs, providing the best quality and price range, and contribute to the country's development. This is one of our main goals!

Support national products and invest in the development of Qatar!

QUALITY PRODUCTS

Mohajl Factory works hard to maintain and improve the quality standards of each product. Our company strives to ensure that "Made in Qatar" products are known for superior quality and affordable prices.

CUSTOMER FRIENDLY

We are open to the special requests of our customers, we can produce different sizes, thicknesses, widths based on individual requirements. Our production and sales team is always ready to provide the best service.

GLOBAL SOURCING

Our products have the best price band available in the market today. Our claims are not based by self-judgment but rather by clients and vendors who have tested out the products.
